## OVERVIEW

**ARTIST WEBSITE** [Jaya Khoobsurat Official](#)

**CURRENTLY** I am a highly organised film professional with a strong and varied background in the entertainment industry, both in production and creative roles. I majored in both Screen Production; and Music at Griffith University; then became an Independent filmmaker for the next ten years. Prior to my academic studies, I independently produced and performed in my music Album, [Coloured Wings](#). Building upon my experience as a professional performing & recording vocalist, as well as being a qualified English teacher, I endeavour to remain flexible in my working life, being able to travel internationally at short notice, depending on contractual arrangements. I believe I can offer immense value to any relevant company or teaching facility. I have recently completed 3.5 years as a Creative Media teacher with years 10, 11 & 12 Emirate students (girls) BTEC Level III Film & Photography; and year 8, 9 & 10 Creative Design (Art). I am seeking fresh opportunity to utilise my talents and skills within film and/or, music and prepared to both travel and work as a team member within the film industry.
